Subject: Re: Dakota Prairie refinery air permit application?

Roger,

I'm not actually in the office today working but I will be back in on Monday. I do not think we have the original application for the Dakota Prairie Refinery as it was a North Dakota minor source permit and we don't receive the permit applications for state issued minor sources.

Contacting the North Dakota Department of Health is probably the quickest access to the application documents for that permit. I would try Jim Semerad JSemerad@nd.gov. While I don't think he wrote the permit, he should be able to put you into contact with the person who did.

I will be back in the office on Monday if you want to call and talk. There is also an application on the ND website for a proposed minor source permit for a new oil refinery. (Davis Refinery) <http://www.ndhealth.gov/aq/PTCInProgress>.

Subject: Dakota Prairie refinery air permit application?

Hi DJ,

I hope you're doing well.

Will you be around tomorrow?

I'd like to touch base w/ you on a couple questions, one of them being if you have a copy of the original Dakota Prairie air permit application that you can share w/ me.

Thanks, Roger
